

## Innovative Angel Armor Ballistic Door Panels Engineered to Save Time, Money and Lives

Fort Collins, CO – Angel Armor announces its newest innovative product line of Ballistic Door Panels for law enforcement vehicles that exceeds standards in ballistic protection while delivering the fastest installation in the industry.

Using proprietary technology, Angel Armor's Ballistic Door Panels are cost-effective, durable, lightweight and weatherproof. They provide law enforcement with maximum safety and peace of mind, exceeding NIJ IIIA standards for multi-round protection as well as special threat protection against rounds such as the .45 ACP

Speer Gold Dot Hollow Point and 9 mm Luger Federal LE Tactical Hydra-Shok.

Installed inside the door within minutes, Angel Armor's Ballistic Door Panels protect while adding less than nine pounds to the vehicle door. Installation time ranges from five to fifteen minutes, and each panel is custom fit per vehicle model to ensure a clean install with maximum protection.

"Officer safety is our primary mission," said Philip Hicks, Director of Business Development for Angel Armor. "Angel Armor's new Ballistic Door Panels provide the best ballistic protection against the most prevalent threats that officers face in today's unpredictable environments."
