

RISE™ BODY ARMOR SYSTEM

APPLICATION GUIDE

MAXIMIZE YOUR BULLETPROOF VEST PARTNERSHIP FUNDING WITH ALL-DAY RIFLE PROTECTION BY ANGEL ARMOR

According to the FBI, armored vests have saved the lives of more than 3,000 Law Enforcement Officers.

Angel Armor exists to protect and preserve the pursuit of life, liberty and happiness for Law Enforcement and their families. Everything we do is to fulfill that mission.

The goal of this guide is to educate your department on Angel Armor, our products, the Bulletproof Vest Partnership and the program's application process.

Angel Armor is a qualified supplier of the Bulletproof Vest Partnership reimbursement program. We are eager to introduce your department to our products and assist you in determining your eligibility for the BVP reimbursement program.

ANGEL ARMOR OVERVIEW

ANGEL ARMOR EXISTS TO PROTECT AND PRESERVE THE PURSUIT OF LIFE, LIBERTY AND HAPPINESS FOR FIRST RESPONDERS AND THEIR FAMILIES.

At Angel Armor we believe there is nobility and purpose behind the badge. We understand the job of a police officer requires sacrifice, servant leadership and courage. Such qualities are often overlooked or taken for granted - we believe they deserve to be applauded and honored.

Our goal is to serve law enforcement by offering market-leading proactive solutions that protect officers all day, in every situation. Through advanced technologies our hope is to reduce the burden of the officer and provide products allowing for efficient and effective responses, as well as confidence they can stand behind.

RISE STEALTH CARRIER OVERVIEW

STEALTH CARRIER

A SYSTEM BUILT FOR YOUR MISSION

The RISE Stealth Carrier features a combination of simplicity and superior functionality, setting a new standard for concealable carrier design by providing maximum protection, comfort and durability. Sleek and clean, the Stealth builds upon Angel Armor's patented design features in a covert package with minimal printing. Market-leading weight distribution allows the Stealth to comfortably be worn with or without Truth SNAP rifle plates, added for all-day rifle protection. Stealth - the highest level of protection in our lowest profile fit.

COMFORTABLE

- Available for male and female first responders with custom sizing for a tailored fit
- Durable moisture-wicking, antimicrobial mesh interior lining.
- Custom sizing ensures an individualized, comfortable tailored fit
- Industry-leading weight distribution from Angel Armor's patented QuadCore 360™ belt system
- Premium adjustable separating shoulder straps securely attach ballistic panels to prevent shifting and curling
- Six points of adjust-ability

INNOVATIVE

- Ultra-concealable
- QuadCore 360™ belt system transfers weight from shoulder to body core
- All-day rifle protection ready when coupled with Truth SNAP rifle plates
- Long-lasting G-hook hardware for quick, repeatable secure closures
- Magnetic belt retention system allows quick, simple donning and doffing
- Field tested and designed

PREMIUM QUALITY

- Made in the USA using only premium materials
- Shell constructed of durable 500 Denier CORDURA® nylon with Diamond Ripstop
- Bar tack reinforced stitching at key stress points
- Durable water repellent shell
- Custom Apex Mills carrier lining

RISE UTILITY CARRIER PRODUCT OVERVIEW

UTILITY CARRIER

A SYSTEM BUILT FOR YOUR MISSION

Angel Armor’s flagship carrier delivers Angel Armor’s signature design elements in a covert and innovative platform. Developed through an iterative design process and obsessive passion for end-user feedback, the Utility carrier Features Angel Armor’s patented comfort, industry-leading weight distribution, and original design features in a concealed armor platform. Up-armor quickly with internal front and back bottom-loading plate pockets compatible with all Truth SNAP® Rifle Plates. With the Utility Carrier, First Responders can efficiently, effectively, and confidently respond to their mission.

COMFORTABLE

- Optimized armor profile using research-based design for improved comfort in the chest and increased side coverage
- Premium moisture wicking, antimicrobial inner lining for evaporative cooling and odor management
- Premium height adjustable shoulder straps securely attached to ballistic armor panels for optimal weight distribution and updated strap angles for added comfort and improved over-the-head donning/doffing
- Easy access, body-facing zippered opening for hassle-free insertion or removal of ballistic panels

FLEXIBLE

- Low profile, laser-cut PALS/MOLLE compatible 500 Denier CORDURA® nylon fabric laminate front panel with reinforced stitching for durable, tear-resistant load-bearing capability
- G-Hook QuadCore 360 Belt Attachment System with two ports of adjustability
- External front and rear bottom-loading zippered plate pockets accommodate a variety of rifle plate sizes and thicknesses maximizing coverage
- Front zippered admin pocket with low profile, laser -cut PALS/MOLLE compatible Velcro laminate material with Mic loops
- Rear Velcro® panel for ID placement attachment

DURABLE

- Outer shell constructed of high-performance materials including solution-dyed CORDURA® nylon fabric, which provides resistance to UV, water, abrasion and stretching
- QuadCore Attachment System™ with our G-Hook belt ensures a quiet and repeatable fit
- YKK® Zippers with low profile no-slip textured zipper pulls used throughout

RISE UNIFORM CARRIER 2.0 OVERVIEW

UNIFORM CARRIER 2.0

A SYSTEM BUILT FOR YOUR MISSION

With an improved uniform appearance and redefined performance, RISE Uniform Carrier 2.0 elevates Officer expectation of a Class B carrier. Uniform Carrier 2.0 stays true to RISE DNA through unprecedented design with improved on-body adjustments and unparalleled weight distribution through the patented QuadCore 360 Belt System. Available in Load Bearing and Class B configurations to meet departmental requirements. Uniform Carrier 2.0's feature rich platform is designed for the Officer, by the Officer with premium materials and methods for years of service.

PROFESSIONAL

- Classic uniform appearance available in Class B or Load Bearing configurations for improved appearance and utility
- Load Bearing configuration features laser cut MOLLE webbing constructed of an exceptionally durable and tear resistant color matching laminate (compatible with Ally One Pouch Series)
- Adjustable shoulder epaulets and soft V-neck profile for improved duty shirt collar integration
- Two full-size, multi-functional and expandable uniform pockets for safe, secure and easily accessible storage of essential gear (including cell phones)
- Customizable badge, nameplate and back ID configurations
- Upper center-mount comms tab for routing and mounting

COMFORTABLE

- On-body shoulder system adjustments, accessed through uniform pockets, feature streamlined ladder lock release and drop pocket storage for tailored comfort
- Industry-leading weight distribution through patented QuadCore® Belt System with multiple points of adjustability and 360 degrees of tension
- FirstSpear® Quick Release hardware with magnetic cover flap for rapid and repeatable deployment of QuadCore® Belt System
- Proprietary antimicrobial mesh lining wicks moisture and promotes ventilation
- Optional lower center mount designed to accommodate single MOLLE mount body cams
- Optional laser-cut MOLLE comms tab on both shoulders
- Internal wiring routing ports for optimal comms management

PREMIUM PERFORMANCE

- Multi-use and discrete side entry Napoleon Pocket for additional storage
- Up armor quickly with bottom-loading front and back plate pockets compatible with Truth SNAP plates for All Day Rifle Protection
- Shell constructed of high-performance 500 Denier CORDURA® nylon
- Custom sizing for male and female officers for a tailored fit
- Field tested and designed
- Made in the USA using high-quality materials

RISE PATROL CARRIER OVERVIEW

PATROL CARRIER

A SYSTEM BUILT FOR YOUR MISSION

The Patrol Carrier builds upon Angel Armor's signature design and acclaimed comfort in a feature-rich, external platform with a refined appearance. Delivering clean visual cues with tactical functionality, the Patrol Carrier strips the limiting barriers of traditional uniform carriers while meeting departmental needs for the everyday officer.

RENOWNED COMFORT

- Industry-leading weight distribution through patented QuadCore® Belt System with multiple points of adjustability and 360 degrees of tension
- FirstSpear® Tubes quick release technology for rapid deployment of QuadCore® Belt System
- Proprietary antimicrobial mesh lining wicks moisture and promotes ventilation
- Custom sizing for male and female officers for a tailored fit

SUPERIOR INNOVATION

- On-body, internal adjustment shoulder system with multi-entry access and ladder lock release for optimal, all-day comfort
- Multi-purpose, zippered admin pocket with four-way entry and internal magnetic divide for secure storage and quick access to essential gear
- Low profile and tear-resistant laser-cut MOLLE platform accepts Angel Armor's Ally One Pouch Series and any MOLLE compatible brands
- Up armor quickly with side-loading front plate pocket and bottom-loading back plate pocket compatible with Truth SNAP plates for All Day Rifle Protection
- Field tested and designed

ULTIMATE PERFORMANCE

- Customizable uniform selections with reinforced ID badge and nameplate configuration with or without color matching Velcro loop
- Internal wiring routing ports for optimal comms management
- Optional laser-cut MOLLE tab on both shoulders for additional comms tabs
- Accepts magnetic, quick-attach Ally One Placard Series with Fidlock® technology to quickly scale between mission kits
- Dual-side utility pockets with removeable bungee for additional storage and security
- YKK® Zippers used throughout for secure use and legendary quality
- Shell constructed of high-performance 500 Denier CORDURA® nylon
- Accepts MOLLE Bridge (with purchase of Ally One placard) to gain up to two vertical rows of MOLLE over FirstSpear® belt tube cover

RISE FLEX CARRIER OVERVIEW

FLEX CARRIER

A SYSTEM BUILT FOR YOUR MISSION

RISE Flex Carrier is expertly crafted for applications where performance trumps the need for a true uniform appearance. Featuring the innovative modular design qualities of Angel Armor’s tactical carrier matched with professional attributes of a uniform carrier, Flex provides a robust set of standard features with options to change configurations based on your expectations of external carrier. As with all Angel Armor carriers, all day rifle protection can be easily achieved in advance or on the fly via quickly accessible rifle plate pockets.

CUSTOMIZABLE

- Accommodates RISE Ballistics – scalable between all Angel Armor carrier platforms
- Optional front/back magnetic quick-attach accessories quickly scale between mission kits
- Rear Velcro loop field for back ID placards
- Front side-load plate pockets allow for quick up armor rifle plates

MOLLE

- Unlike fixed, sewn on pouches, Angel Armor’s low-profile 180-degree MOLLE field allows for custom placement of equipment.
- Should the need to quickly switch equipment arise, FLEX can be fitted with a magnetic quick-attach mission flap accessory kit, including dedicated rifle magazine pouches.

PREMIUM QUALITY

- Made in the USA using only premium materials
- Durable 500 denier CORDURA shell with lightweight pill cut PALS platform using tear resistant laminate fabric with reinforced stitching and loop face at front and back
- YKK zippers used throughout
- APEX MILLS mesh lining and optional air emission channels wick moisture away while providing additional ventilation
- Tear resistant laminate fabric with low-profile pill cut PALS webbing

COMFORT

- Custom sized for a tailored fit
- Industry-leading weight distribution and optional thermal comfort features for all-day wear
- Removable shoulder pads and optional torso panel inserts increase comfort
- Fixed position wide waist pockets with bungee retention
- Belly band for faster donning time while maintaining proper side ballistic overlap

BELT SYSTEM

- FirstSpear® Quick Release Belt comes in two options: Clean or Load Bearing

RISE TACTICAL CARRIER OVERVIEW

TACTICAL CARRIER

A SYSTEM BUILT FOR YOUR MISSION

RISE Tactical Carrier is a sleek and versatile platform built to handle any mission. Field tested and design influenced by operators, the RISE Tactical Carrier offers a wide range of mission-specific configurations without compromising protection, comfort or mobility. Extensive modular features sets scale up or down with minimal effort and maximum efficiency. Constructed with premium, breathable materials that are lightweight and durable, the RISE Tactical Carrier's innovative modular design is driven by Angel Armor's belief that protection should match your current mission, and the next one. RISE Tactical Carrier - confidence you can stand behind for years to come.

COMFORTABLE

- Industry-leading weight distribution from Angel Armor's patented QuadCore External Cumberbund™ with rapid release FirstSpear® Tubes™
- Removable shoulder pads and air panel inserts increase comfort
- Height adjusting separating shoulders (rapid release FirstSpear® Tubes™ upgrade available)
- Removable internal belly band for faster donning time while maintaining proper side ballistic overlap

MODULAR

- Front/Back magnetic quick-attach accessories quickly scale between mission kits
- Quick up-armor external side-loading rifle plate pockets at the front and bottom-loading rifle plate pockets on the back
- Removable load bearing side covers accommodate 6x6 Truth SNAP® rifle plates for increased protection
- Optional MOLLE bridge accessory covers FirstSpear® Tubes™ to increase PALS field across the front of vest

PREMIUM QUALITY

- Made in the USA using only premium materials
- Shell constructed of durable 500 Denier CORDURA® with lightweight laser cut PALS platform with loop face
- Durable mesh lining with antimicrobial and moisture wicking properties
- Comm wires and hydration tube routing at shoulders with front internal wire pass
- Quick-grab magnetic recovery handle in back with loop face

BVP OVERVIEW: FREQUENTLY ASKED QUESTIONS

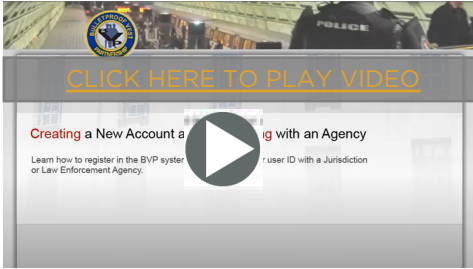

WHAT IS THE BVP?

The Bulletproof Vest Partnership (BVP) is a reimbursement program initiated by the U.S. Department of Justice. The BVP equips state and local law enforcement with ballistic body armor – critical and life-saving equipment for LEOs across the country. For more information on the BVP, [visit this webpage](#).

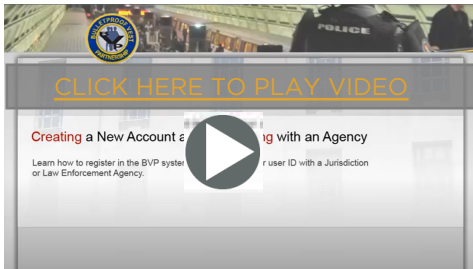

HOW DO I APPLY FOR THE BVP?

You can apply for the BVP in three easy steps:

Step 1: Online Registration – New users can provide contact and banking information throughout the year.

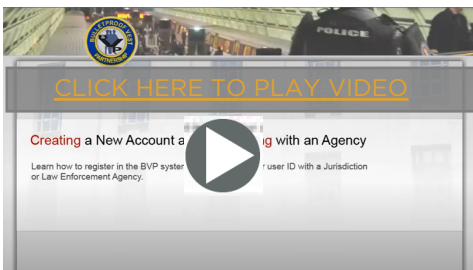

Step 2: Online Application – Identify the total number, type and projected cost of vests for the applicant’s eligible and participating Law Enforcement Officers.

The BVP program makes funding decisions three to four months after the “open application period” ends. Applicants are then notified via email regarding approved funding levels.

Vests meeting applicable NIJ Standards can be purchased through any vest distributor.

Step 3: Online Application – Identify the total number, type and projected cost of vests for the applicant’s eligible and participating Law Enforcement Officers.

For additional video resources on how to apply , scroll to ‘BVP Video Demos’ [visit this webpage](#).

IS THE BVP A GRANT PROGRAM?

No, the BVP is not a grant program. It is a reimbursement program.

HOW MUCH TIME NEEDS TO BE ALLOCATED BY THE AGENCY TO APPLY, AND WHAT IS THE DEADLINE?

In general, most agencies spend between 2-3 hours gathering information and applying for the BVP. The application usually opens in April and closes six weeks from opening date. The BVP application only opens once per year. Program deadlines are prominently displayed on the BVP’s homepage, which can be found [here](#).

BVP OVERVIEW: FREQUENTLY ASKED QUESTIONS

WHAT ARE THE REQUIREMENTS FOR AN AGENCY TO QUALIFY?

According to their website, the BVP program is open to “any recognized unit of general government (states, counties, federally recognized tribes, cities, and local jurisdictions) recognized by the U.S. Census Bureau that employs Law Enforcement Officers. The jurisdictions chief executive is required to complete the online registration and to provide general oversight and approval of key transactions between the BVP Program and the participating law enforcement agencies.” In addition, the program prioritizes agencies that have jurisdictions of 100,000 or less, and funds are only allotted to for new officers or officers with expiring vests.

HOW MUCH MAY THE AGENCY APPLY FOR?

An agency can apply for a 50% reimbursement on purchases up to \$1200. For additional information on funding, [visit this webpage](#).

WHAT DOES THE REIMBURSEMENT COVER?

The program is designed to pay up to 50% of the total cost of each vest in the application. It is suggested that the agency applies for the maximum amount of funding available. The agency can get reimbursed for vests, inserts, accessories required for wear and shipping. For additional information on what the reimbursement covers, [click here](#).

HOW LONG ARE REIMBURSEMENTS AVAILABLE FOR USE ONCE AWARDED?

Funds will be available for 2 years from the day of reimbursement funds are awarded.

DOES THE AGENCY HAVE TO MAKE PURCHASE DECISIONS DURING THE APPLICATION PROCESS?

No. An agency can apply for any approved body armor and later purchase another approved body armor product with their funds if they desire. It's important to note that BVP funds may only be used to purchase equipment made in the USA and that meets applicable NIJ standards. For a full list of approved body armor, [click here](#).

WHY SHOULD YOUR AGENCY CHOOSE THE RISE ARMOR SYSTEM?

RISE is a premium soft body armor vest designed with front and rear internal rifle plate pockets that accept Angel Armor's Truth SNAP hard armor rifle plates. Together, this system provides all-day rifle protection without sacrificing comfort or mobility.

Every active shooter situation starts with just that - a situation. The unfortunate reality is that active shooter kits are not being deployed on routine calls; the vast majority of officer-involved shootings are taking place on these routine calls. When paired with the Truth SNAP plate system, RISE provides proactive, all-day rifle protection so officers can respond to every situation with a tactical advantage.

The RISE vest and Truth SNAP plates meet all BVP funding requirements, are made in the USA and exceed NIJ standard requirements. Not only will the RISE Armor System give your officers a tactical advantage, but it will also save your agency money by consolidating equipment with an all-in-one protection system.

WHERE CAN I FIND ANSWERS TO ADDITIONAL QUESTIONS?
